1. Introduction

When not specified, latin1 is the encoding scheme by default. For any other encoding scheme than latin1, specify that encoding scheme as an option passed to \documentclass. For instance:

\documentclass[english,utf8x]{article-hermes}

Possible encoding schemes are: latin1, latin9, utf8 or utf8x. Your files, including the bibliography, should be in the specified encoding. This template uses utf8x.

Ensure that your figures and tables never go beyond the left and right margins. Ensure that your figures and tables never go beyond the left and right margins. Ensure that your figures and tables never go beyond the left and right margins. Ensure that your figures and tables never go beyond the left and right margins. (Chmielik and Grabar, 2011; Virpioja et al., 2011)

2. A section of the paper

Ensure that your figures and tables never go beyond the left and right margins. Ensure that your figures and tables never go beyond the left and right margins. Ensure that your figures and tables never go beyond the left and right margins. Ensure that your figures and tables never go beyond the left and right margins. (Celata et al., 2011)

2.1. First sub-section

Ensure that your figures and tables never go beyond the left and right margins. Ensure that your figures and tables never go beyond the left and right margins. Ensure that your figures and tables never go beyond the left and right margins. Ensure that your figures and tables never go beyond the left and right margins. (Walther and Sagot, 2011)

Ensure that your figures and tables never go beyond the left and right margins. Ensure that your figures and tables never go beyond the left and right margins. Ensure that your figures and tables never go beyond the left and right margins. Ensure that your figures and tables never go beyond the left and right margins. (Lavallée and Langlais, 2011)
Ensure that your figures and tables never go beyond the left and right margins.

2.2. Second sub-section

Ensure that your figures and tables never go beyond the left and right margins.

2.3. Third sub-section

Ensure that your figures and tables never go beyond the left and right margins.
Ensure that your figures and tables never go beyond the left and right margins.

3. Conclusion

Ensure that your figures and tables never go beyond the left and right margins.
