Please note: Abbreviations should be introduced at the first mention in the main text – no abbreviations lists. Suggested structure of main text (not enforced) is provided below.

Introduction
The Introduction section, of referenced text\textsuperscript{1} expands on the background of the work (some overlap with the Abstract is acceptable). The introduction should not include subheadings.

Results
Up to three levels of subheading are permitted. Subheadings should not be numbered.

Subsection
Example text under a subsection. Bulleted lists may be used where appropriate, e.g.

- First item
- Second item

Third-level section
Topical subheadings are allowed.

Discussion
The Discussion should be succinct and must not contain subheadings.

Methods
Topical subheadings are allowed. Authors must ensure that their Methods section includes adequate experimental and characterization data necessary for others in the field to reproduce their work.

References

LaTeX formats citations and references automatically using the bibliography records in your .bib file, which you can edit via the project menu. Use the cite command for an inline citation, e.g.\textsuperscript{1}.
